Hello Vermont Team,

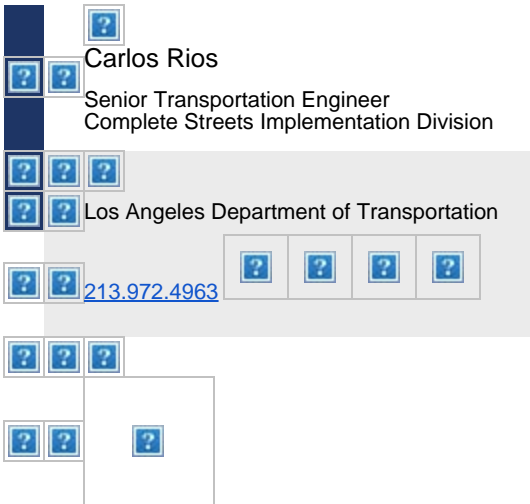

We have been in internal discussions with our district engineer and our worksite traffic control review team on the parameters of the lane closures/hours of operation for the installation of the raised landscaped islands to minimize any traffic disruptions and also minimize any impacts to the neighboring hospitals. I'd like to set up a meeting with you all as soon as possible so we can share what we (DOT) will be proposing to the contractor and make sure we're all on the same page. Please advise of your availability this week to chat. Also, Aram, would you be able to invite a rep from PD and FD so we can discuss these issues with them as well?

Thanks

Carlos
